

*What is this life if, full of care, We have no time to stand and stare, No time to stand beneath the boughs, And stare as long as sheep or cows, No time to see, when woods we pass, Where squirrels hide their nuts in grass, No time to see, in broad daylight, Streams full of stars, like skies at night.*

- W. H. Davies

Dear Parents,

It's hard to believe but this is the final month of this academic year! This year has flown by so quickly and the children have grown up so much. It's been a year of action, learning, fun, excitement and a lot of bonding with our first batch! It's indeed a feeling of pride and glory to see our children transform into confident individuals who are ready to face any challenge! We have grown positively as a school and we thank our Parent-community for their constant support and feedback.

The month of March was very exciting for us especially with the Indus Day celebrations that were held on March 27th, 2015. The children certainly put up an excellent show and it was indeed very motivating to see each and every student perform with great enthusiasm and confidence. We can proudly say that the students' leadership qualities are taking shape.

At Indus, we believe the purpose of school education goes beyond academic excellence and we strive to prepare children to be successful and happy in life. This involves imparting students with values, character traits, and competencies to equip them with tools to deal with the challenges of tomorrow which could perhaps be clouded with uncertainty, unpredictability, and chaos! Hence Leadership is central to Indus.

We will continue to work on our children with as much intensity as we have done this year and we are sure that the next year will be bigger and better!

We also had our Graduation ceremony for the PP2 students on 31st March at the IELC, Jubilee Hills. It was a momentous occasion in the lives of all the children. Transition from preschool to the primary years marks a very important step in a child's life. Looking ahead we feel, our children are very well equipped to take on the next part of their educational lives.

The school closes for Summer on the 12th of April, 2015 and students get back to school on the 10th of June in the new academic year. Summer Vacation is the longest break children have from school during their year. I will surely miss their smiling and exuberant faces. Vacation is a time for play and also learning! Please make sure to engage your children in constructive activities which provide new opportunities to learn at a more relaxed pace and at the same time help them socialize with peers.

I look forward to seeing you all at the **Student-Led conference (SLC)** which will be held at school on 11th of April, 2015.

**Wishing you all a Happy Summer!**

**Have a wonderful time with your little one!**

Warm Regards,

**Mukta Khurana**
